

OUR FLEET

'Iona' & 'Hound Dog 1' Bavaria 39s with 3 double cabin layout and twin heads, sleeping up to 7

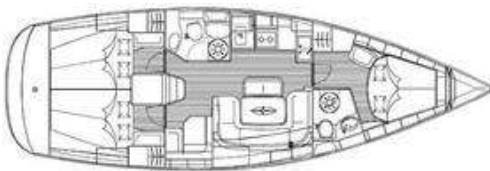

Our Bavaria 39s, 'Iona' and 'Hound Dog 1', have already become our most popular production yachts and offer very generous, comfortable and appealing accommodation with superb performance under sail.

We have optimised the basic specifications of both yachts for Scottish sailing. The mainsails have been modified by adding an additional, third slab reef with a convenient 'Packmain' storage system. On the foredeck the crew will find an electric windlass takes the hard work out of anchoring with the added luxury of a bow-thruster on 'Hound Dog 1'.

Top quality electronic instrumentation is fitted throughout 'Iona' and 'Hound Dog 1', including colour chart plotting/GPS systems, wind instruments, VHF radios and radio/CD players. Paper charts and other, traditional navigation equipment, are also provided.

In the rich, airy and light saloon of each yacht you will find a table large enough to seat the crew and guests and, if you use 'Iona' or 'Hound Dog 1' at the beginning or end of the season, you may choose to use the reliable central heating system.

There is running hot water to the galley and both fore and aft heads. In the galley there is a double burner stove with oven, fridge, twin sinks and ample storage space. As well as the three double cabins, there is a sleeping accommodation in the saloon.

We believe 'Iona' and 'Hound Dog 1' exemplify our charter policy, which is to provide you with clean, safe, modern yachts equipped to the highest standard, ensuring that cruising with Charter For You will be pleasurable and memorable experience.
